

# Point-to-Point Private Line Service

FAST • FOCUSED • FLEXIBLE

## WAVECOM SOLUTIONS POINT TO POINT SERVICE IS AN IDEAL SOLUTION IF YOU:

- Need to transfer large amounts of data privately
- Need the security of a dedicated circuit
- Need disaster recovery connectivity
- Need to connect multiple remote locations or share centralized network based resources or applications
- Need guaranteed bandwidth between multiple locations at all times

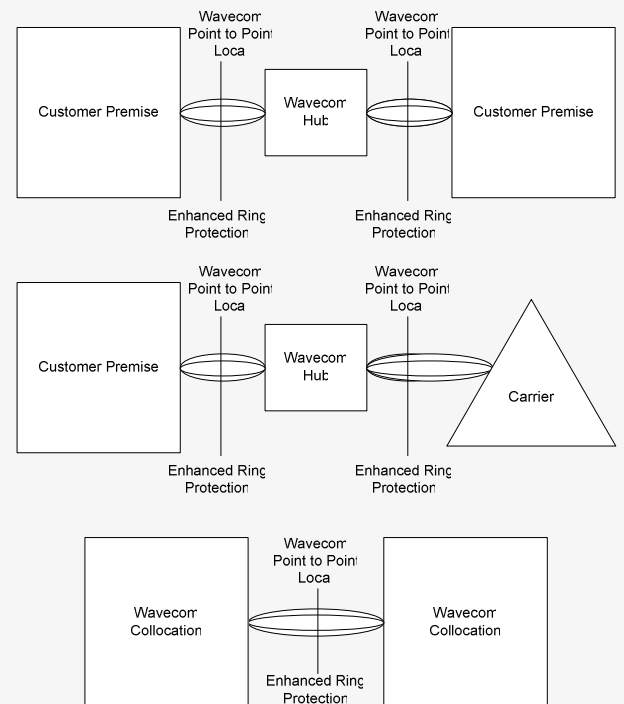

## ABOUT WAVECOM SOLUTIONS POINT TO POINT SERVICE

Wavecom Solutions Point-to-Point private line service provides dedicated connectivity between two or more service locations: including island-wide, statewide, nationwide, Japan and other International destinations. Because the locations are directly linked, the connection is both inherently secure and private. Point-to-Point service is available in a variety of different bandwidths ranging from DS-1 and bonded DS-1 to DS-3 to OC-n.

## BENEFITS OF WAVECOM SOLUTIONS POINT TO POINT SERVICE

- Private connection guarantees privacy of data transmissions
- Ensures uninterrupted service
- Provides 24 / 7 / 365 network monitoring
- Easy connectivity to other carriers

## HOW WAVECOM SOLUTIONS POINT-TO-POINT WORKS

## WHO WE ARE

Wavecom Solutions offers state of the art communications services to enterprise clients, local and international carriers, and residential customers. We leverage our robust inter-island fiber optic network to deliver services that are flexible and easily customized to provide you a premium end to end customer experience.
